## 'ANNULE' PERFINs

The 'ANNULE' Perfin were used on the wrappers of the packages direct from the printer(s) to the distributor/wholesaler to identify its contents and have been "CANCELLED" (not valid for postage use) by the word 'Annule' being perforated through the stamp.

They are similar to 'Specimen' overprints but much scarcer as very few survive, most torn when opening the packages and it is quite rare to get an undamaged example as most are selapeted and stuck down to the outside wrapping of the stamps.

### CENTRAL AFRICAN REPUBLIC

# PRINTER'S PRESENTATION CARDS

## ALL AT HALF PRICE - YES LESS 50%

At the final stage of production, a proof, usually a die proof, is cut down to stamp size and affixed to a card bearing the name of the printer. This is submitted to the appropriate authorities who either approve it or make corrections. In either case the card is returned to the printer for their files. Duplicate cards are sometimes made for presentation or archival purposes. Any corrections at this step will result in very rare unadopted designs. CROMALIN PROOF a Final Master Proof on glossy plastic (For sharper image than paper). (ALL IMPERF UNLESS STATED OTHERWISE).

NOTES:	DP = Die Proof, PDP = Progressive Die Proof, CP = Cromalin Proof, S/T = Se-tenant Pair, C = Card, F = Folder.
PRINTERS:	Q = The House of Questag, F = Format International, W = Walsall Security Printers, H = Harrison & Sons Ltd, B = Bradbury Wilkinson, C = Carter Security Printers BDT = BDT International Security Printers
